

## Need a Quick Postage Estimate?

Below are average per piece costs for postage based on class of mail, size and shape of your mail piece and where the mail is going.

For example, if you are mailing a nationwide USPS Marketing Mail® letter size piece to 5,000 households, your postage can be estimated at  $5,000 \times \$0.402 = \$2,010.00$

### Presorted First-Class Mail®
